

GS 47-30  
 This map is not a certified survey and has not been reviewed by a local government agency for compliance with any applicable land development regulations.

Timber buyer and Logger are responsible for implementation of applicable river rules and BMP's.

**Pine Plantation First Thinning**  
 29.3 Acres

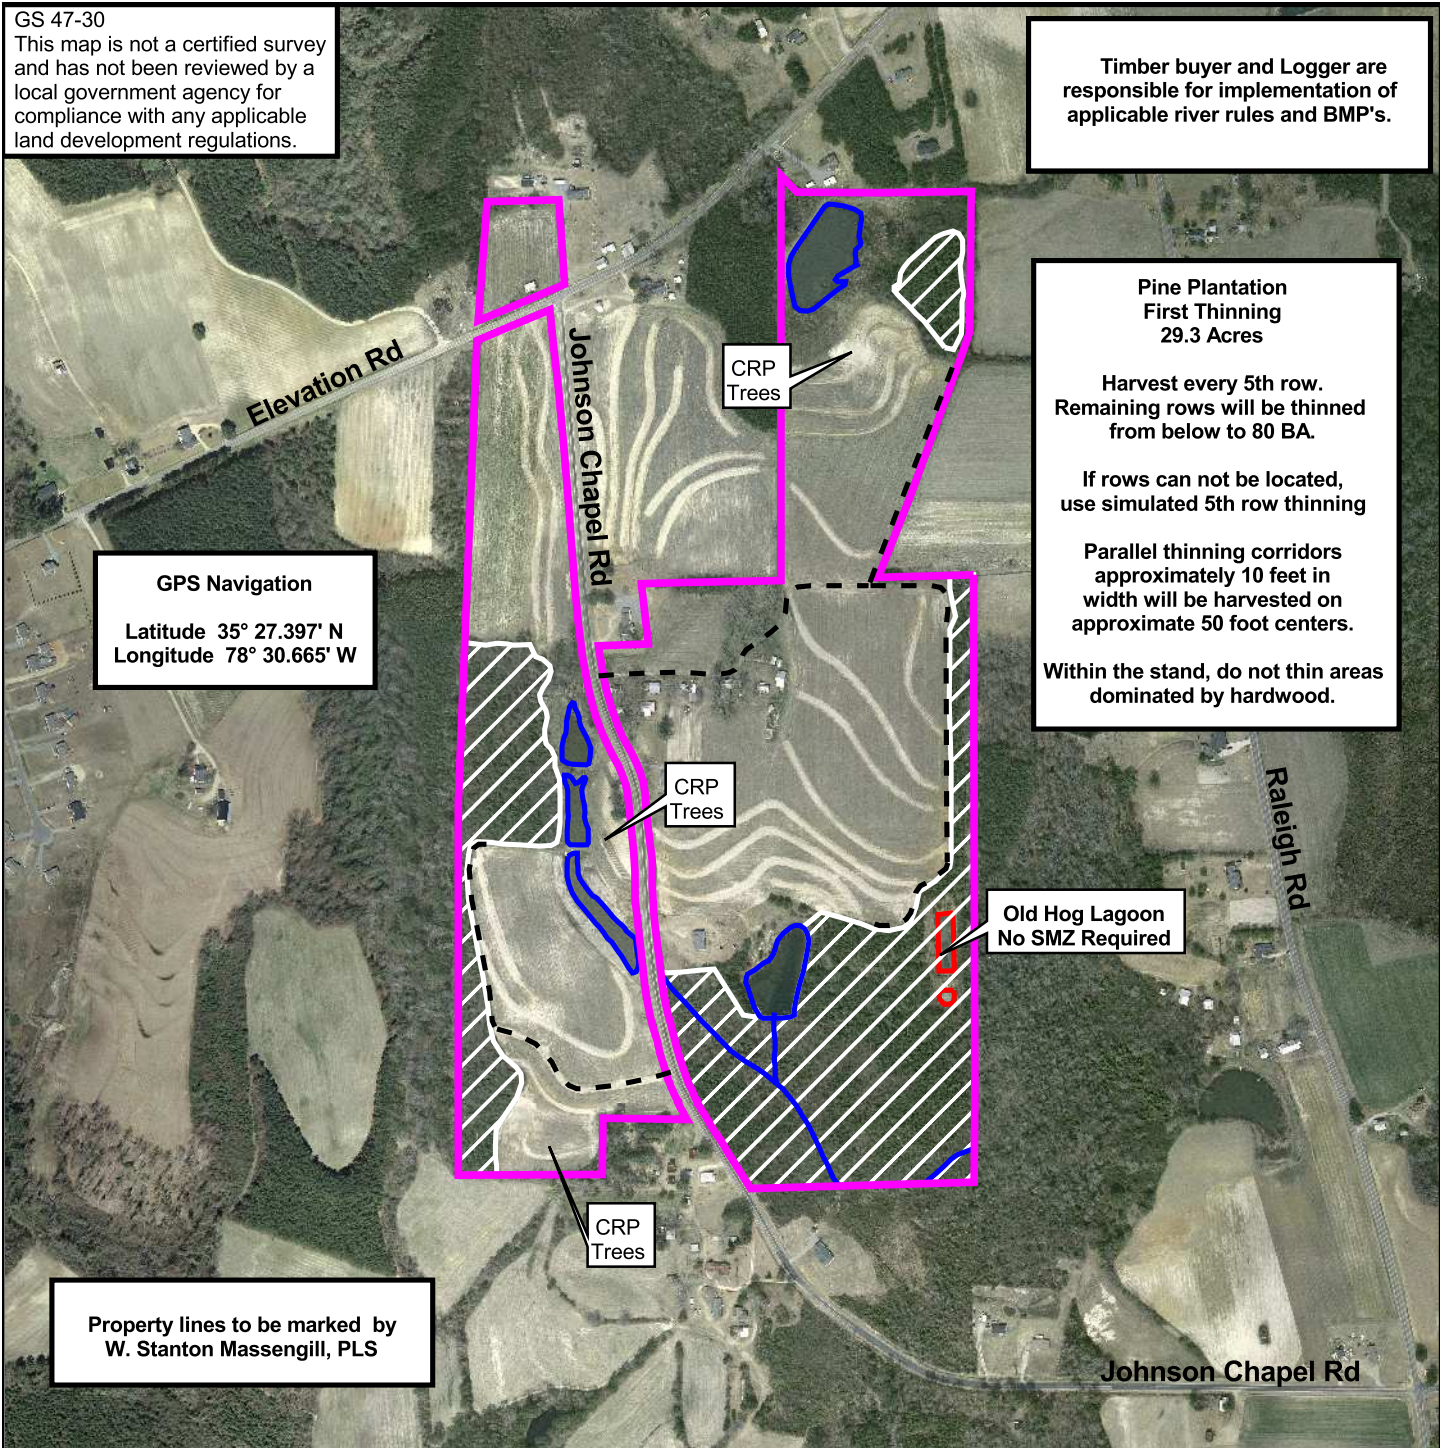

Harvest every 5th row. Remaining rows will be thinned from below to 80 BA.

If rows can not be located, use simulated 5th row thinning

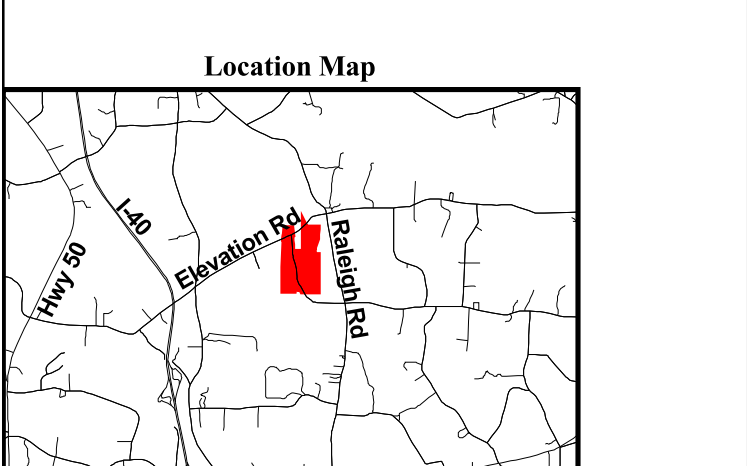

Parallel thinning corridors approximately 10 feet in width will be harvested on approximate 50 foot centers.

Within the stand, do not thin areas dominated by hardwood.

**GPS Navigation**
